

Linseed Oil, raw

Solvent of flaxseed

General

Raw linseed oil is a low viscosity liquid with an oily consistency and golden brown color. **Raw linseed** oil is primarily a glyceride with a high fatty acid value. The oil is obtained from flax seeds through pressing. The product has not undergone additional treatment.

Range of application

Raw linseed oil is used as surface protection for wood, manufacturing of paint and for blending with pine tar.

Package

67000201 / 1-lit can

67000265 / 5-lit can

Technical data

Color: Yellow brown

Density: 0,93 kg/ lit

Drying time: Max 24 h
